

LIMITED WARRANTY CERTIFICATE

ULC-2258 Aboveground Non-metallic Tanks for Fuel Oil and Other Combustible Liquids FOR TANKS MANUFACTURED SOLD AND INSTALLED IN CANADA AFTER MARCH 31ST, 2023.

SAVE THIS CERTIFICATE - IT GIVES YOU CERTAIN SPECIFIC LEGAL RIGHTS

Fill in the installation date, model, and serial number of the tank in the space provided below and retain this Limited Warranty document for your files.

LIMITED WARRANTY TERMS

During the first thirty (30) years after initial installation date, your Granby ULC-2258 non-metallic tank is warranted against:

- For Granby Fibreglass tanks and Granby 2-in-1 tanks (manufactured by Dehoust GmbH), leaks due to defects in materials and/or workmanship in the manufacturing of the tank.
- For Granby 2-in-1 tanks (manufactured by Dehoust GmbH) only, perforation by corrosion of the galvanised steel secondary containment due to a defect in materials and/or workmanship in the manufacturing of the tank.

If any one of the two (2) above events occur Granby Industries L.P. / Granby FRP tanks Inc. will provide the owner of the tank with a replacement tank of similar size and configuration or, at our sole option, repair or refund the owner an amount no greater than of the distributor's original purchased price from Granby Industries L.P., or provide to the owner a credit equal to that amount to be applied toward the purchase of a new Granby tank. To obtain a replacement tank, repair, credit or refund amount, an authorised Granby products distributor, dealer or qualified service technician must receive from Granby Industries L.P. / Granby FRP Inc. written prior authorisation and return the defective tank to a Granby Industries L.P. / Granby FRP Inc. authorized distributor for exchange, repair, credit, or refund amount. All replacement tanks will be warranted for the remaining portion of the warranty period on the original tank.

Granby Industries L.P./Granby FRP tanks Inc. will not allow for any reimbursement amounts for labor, material, freight and/or handling charges associated with the repair or the replacement of a tank.

This limited warranty does not cover any seepage, dripping or leakage from the supply outlet located at the bottom of the tank if capped or plugged when the tank is used in any application where the supply of fuel or lubricating oil to the equipment is provided from one of the connections located on the top of the tank 'Top draw' (applies only for ULC-2258 Fibreglass oil tanks with lower burner feed outlet.)

This Limited Warranty applies to the original purchaser and subsequent transferees, but only while the tank remains at the site of the original installation address and only if the tank is installed inside Canada.

LIMITED WARRANTY RESTRICTIONS

This Limited Warranty applies only if the tank is:

- Installed by an installer whose competency is recognized by local authorities having jurisdiction.
- Installed, used service and maintained in accordance with the Granby Industries L.P. installation guidelines enclosed with your tank (also available at www.granbyindustries.com) **and** in accordance with the oil tank's ULC rating plate instructions **and** in compliance with all applicable installation and building codes, best trade practices such as those described in the Canadian Oil heat Association (COHA) Today's Oil heat Technician's Manual, and those described in the National Oil heat Research Alliance (NORA)'s Heating Oil Storage Tanks, Guide for Quality Installation and Maintenance and/or other industry equivalents.
- Used only for the above ground storage of combustible liquids intended to be used as heating fuel and/or generator fuel or lubricating oil and no other substances are introduced into the tank.
- Has never been installed and taken out of service and removed from its original installation location address, re-installed, and recommissioned at a different location address.

In establishing the installation date for any purpose, including determination of the starting date for the terms of this Limited Warranty, proof of the original installation date must be presented (you must retain the original records that can establish the installation date of your tank), otherwise, the installation will be deemed to have occurred no more than 180 days after the date of tank manufacture.

This Limited Warranty does not create liability for Granby Industries L.P. for any incidental, consequential, or special damages or expenses in conjunction with any use of this tank. It also does not cover damages caused by: (a) accident, abuse, negligence, misuse, riot, fire, flood, or Acts of God (b) the operation the tank where corrosive elements have been introduced and/or allowed to reside inside the tank other than those found in a normal use environment (c) the transfer of oil from an old tank into this tank (d) an unauthorized alteration or repair of the tank affecting its stability or performance (e) improper matching or application of the tank or the tank's components (f) the use of non ULC listed and/or CAN/CSA-B139 compliant Granby brand, Granby distributed or Granby recognised oil tank installation accessories, in conjunction with the tank such as but not limited to tank legs, vent-alarm, oil level gauge, oil shut-off valves, fill and vent cap, oil filter, oil de-aerator and flexible oil lines, where applicable (g) failing to provide proper maintenance to the tank (h) erecting, disconnecting, or dismantling the tank (i) parts or supplies used in connection with service or maintenance (j) faulty and/or negligent installation, maintenance or application or (k) spills from overfills.

We make no other condition or warranty, express or implied, and specifically disclaim all statutory implied warranties or conditions, including merchantability and fitness for a purpose, to the greatest extent allowed by law in your province or territory.
