### 2-in-1 safety tanks general characteristics; ULC/ORD-C80.1 listed

- Primary tank made of blow-molded high-density polyethylene (HDPE)
- Internal tank is fluorination treated for odor and chemical resistance, which is unique to the Granby 2-in-1 tanks
- Secondary containment made of galvanized steel on both sides, tightly welded and edged using state-of-the-art manufacturing equipment
- Visual leak indicator for the monitoring of the integrity of the primary tank
- Connection fittings made of cast aluminum for greater torque resistance and greater peripheral sealing
- Rugged floor stand made entirely of galvanized steel
- Tanks come completely equipped from factory with necessary installation accessories
  - 2" NPT galvanized steel fill pipe adaptor
  - Low-pressure vent and overflow protection alarm
  - Oil level gauge
  - Oil burner supply duplex bushing with tube adaptors
- Optimal space utilization
  - Suited for basements with headrooms as low as 60"
  - Ease in maneuverability and access through narrow doorways only 28" wide
- Easy carrying due to light weight and welded handles
- 30-year limited warranty
- B100 bio-fuel ready
- Optional rain cover mandatory for outdoor installation
