LIMITED WARRANTY TERMS

During the first thirty (30) years after initial installation your Granby ULC-S670 / UL 2258 nonmetallic tank is warranted against:

- Leaks due to defects in materials used in the manufacturing the tank.
- Leaks due to faulty workmanship in the manufacturing of the tank.
- Leaks due to internal corrosion.
- Cracks, chips or peeling for FRP (Fiberglass Reinforced Polymer) tanks and external perforation by corrosion of the steel containment for Granby 2-in-1 tanks (manufactured by Dehoust) because of a defect in materials and/or workmanship.
- The Limited Warranty for the steel containment of the Granby 2-in-1 tanks (manufactured by Dehoust), is reduced to ten (10) years for tank installed outdoors where there is a high level of salt-water air in the environment.

If any one of the five (5) above events occur we will provide you with a replacement tank of similar size and configuration or, at our sole option, repair or refund to you an amount equal to the distributor's purchase price from us, or provide to you a credit equal to that amount to be applied toward the purchase of any new tank that we manufacture. To obtain a replacement tank, the dealer or qualified service technician must return the defective tank to a Granby Industries L.P. authorized distributor and exchange it for a replacement tank. All replacement tanks will be warranted for the remaining portion of the warranty period on the original tank.

Granby Industries L.P. will not allow for labor, material, freight and/or handling charges associated with the repair or the replacement of a tank.

This Limited Warranty applies to the original purchaser and subsequent transferees, but only while the tank remains at the site of the original installation and only if the tank is installed inside Canada and the continental United States of America.

LIMITED WARRANTY RESTRICTIONS

This Limited Warranty applies only if the tank is:

- Installed by an installer whose competency is recognized by local authorities having jurisdiction.
- Installed in accordance with instructions enclosed with your tank (also available at www.granbyindustries.com) **and** in accordance with the oil tank's rating plate instructions **and** all applicable installation and building codes and best trade practices such as those described in the Canadian Oilheat Association (COHA) Today's Oilheat Technician's Manual and those described in the National Oilheat Research Alliance (NORA)'s Heating Oil Storage Tanks, Guide for Quality Installation and Maintenance, and/or other industry equivalents.
- Used only for the aboveground storage and supply of heating fuel for oil burning equipment or alternately for the storage of diesel fuels for compression ignition engines and motor oil (new and used) for automotive service stations, 100% biodiesel and biodiesel blends up to 20% and that no other substances are introduced into the tank.
- Operated, serviced and maintained in accordance with instructions enclosed with your tank (also available at www.granbyindustries.com) at least once every twelve (12) months and in compliance with all applicable installation and building codes and best trade practices such as those described in the Canadian Oilheat Association (COHA) Today's Oilheat Technician's Manual and those described in the National Oilheat Research Alliance (NORA)'s Heating Oil Storage Tanks, Guide for Quality Installation and Maintenance or other industry equivalents.

In establishing the installation date for any purpose, including determination of the starting date for the terms of this Limited Warranty, proof of the original installation date must be presented (you must retain the original records that can establish the installation date of your tank), otherwise, the installation will be deemed to have occurred 180 days after the date of tank manufacture.

This Limited Warranty does not create liability for Granby Industries L.P. for any incidental, consequential, or special damages or expenses in conjunction with any use of this tank. It also does not cover damages caused by: (a) accident, abuse, negligence, misuse, riot, fire, flood, or Acts of God (b) the operation the tank where corrosive elements have been introduced and allowed to reside inside the tank other than those found in a normal environment (c) an unauthorized alteration or repair of the tank affecting its stability or performance (d) improper matching or application of the tank or the tank's components (e) failing to provide proper maintenance to the tank (f) erecting, disconnecting, or dismantling the tank (g) parts or supplies used in connection with service or maintenance (h) faulty and/or negligent installation, maintenance or application or (i) spills from overfills.

We make no other condition or warranty, express or implied, and specifically disclaim all statutory implied warranties or conditions, including merchantability and fitness for a purpose, to the greatest extent allowed by law in your province, territory or state.
