
ANNOUNCEMENT

ARICHAT METAL FABRICATORS LTD. PASSES ON THE TORCH TO GRANBY INDUSTRIES L.P.

Cowansville, Quebec, June 3, 2019 – Granby Industries LP (“**Granby**”) announced today that it has entered into an agreement to acquire partial assets of Arichat Metal Fabrication Ltd. (“**AMF**”), a privately-owned Nova Scotia based company primarily focused on manufacturing commercial and residential steel tanks for combustible liquids as well as custom steel fabrication intended for the Atlantic Canada market. The assets include manufacturing equipment and inventory solely related to the production of residential and commercial combustible liquids steel storage tanks.

AMF customers will count on a wider expertise that will be profitable to everyone and should expect a smooth transition over the next few months.

As of June 3rd 2019, AMF customers will have access to Granby’s complete range of residential, light commercial and light industrial tanks. Granby intends to maintain production of the larger combustible liquids containment solutions manufactured by AMF for the past three decades.

About Arichat Metal Fabrication

AMF has a track record of success and growth of over 30 years. Its team of CWB-approved, expert welders are committed to building high quality and durable tanks.

About Granby Industries

Since it was founded in 1954, Granby Industries has become the North American leader in the manufacturing and distribution of residential, light commercial and light industrial tanks for the safe storage and distribution of combustible liquids. With environmental concerns at the forefront, Granby Industries continues to follow a strict policy in its product offering and manufacturing processes to help protect the environment.
